Seats and Seat Upholstery

Frameless Seat Cushion Kit

TIRED OF REPAIRING SEAT FRAMES AND CUSHIONS?

This Frameless Seat Cushion Kit eliminates seat frames entirely, reducing maintenance costs, aircraft downtime and the need to keep spare seat assemblies in your inventory. The cushion covers can be easily removed and replaced by operators within minutes, without adhesive.

The unique foam buildup loses less than 15% ILD (Indentation Load Deflection) following Dynamic Fatigue testing by Constant Force Pounding (80,000 cycles).

Currently FAA, TCCA and EASA approved for FWD and AFT Facing Passenger Seats.

Key Features and Benefits

- Eliminates the seat frame entirely
- Reduces maintenance costs and aircraft downtime
- Quick and easy installation
- Improved overall comfort with added lumbar support
- Covers are available in Tan, Grey and Blue naugahyde
- Weight savings

About RAMM Aerospace

RAMM Aerospace has been providing quality interior products and services to the aviation industry since it was founded in Montreal, Canada in 2008. The company is best known for its meticulous attention to detail and world-class craftsmanship in the manufacturing and finishing of business and commercial cabinetry, upholstery and loose equipment. The company's in-house engineering capabilities enable a timely execution of customer-driven STC solutions.
